

MODULAR WINDOW SIGNS

PAPER INSERT SIGNS

The Modular Window Sign consists of an aluminum frame, a clear non-glare acrylic face and flexible PVC End Caps.

The sign accepts paper or acetate/lexan inserts that slide in behind the acrylic face.

Specially designed flexible End Caps secure the contents.

The Modular Window Sign is available in various sizes, with or without an AM Series header or footer.

Modular Window Sign

SIZES

Smallest Size: 4 1/8" W X 2 7/16" H.
