

# POSTER HOLDER SERIES

## How it works

The "Poster Holder" consists of an aluminum backing panel, a U-channel frame at the top and the bottom and a clear non-glare acrylic face.

Contents can be easily changed via top access.

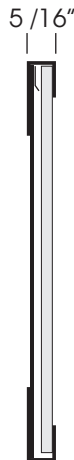

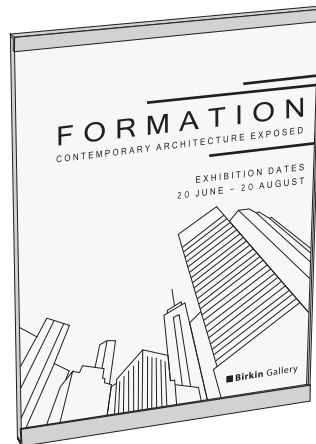

This sign system is suitable for paper sizes from 8 1/2" x 11" and up to 24" x 36" which is the largest size. We also offer any custom size in between these sizes.

The acrylic cover lifts off to access poster for changeover.

### PLEASE NOTE:

Poster Holders are suitable for interior use only.

### CHANGING POSTERS

To change a Poster, simply lift the acrylic cover off and remove the existing insert. Place the new insert in behind the poster clips, then replace the acrylic cover.

### LOCKABLE OPTION

An optional locking mechanism is available for a more tamper proof solution. This must be specified, as it is a non standard option.

### SIZES

Poster Holders are available to suit standard paper sizes:

8 1/2" X 11"      8 1/2" X 14"      11" X 17"      24" X 36"

The smallest size available is: 8 1/2" x 11" and the largest size is 24" x 36". Both Portrait and Landscape options are available.

- Custom Sizes are also available. Please specify the paper size to be accommodated in inches.
- Overall dimensions of the Poster Holder will be larger than the actual paper size. Please contact Systech Signage Technology for this information.
