

SALES PRESENTATION KIT

The S2K Identity Systems Sales Kit is available for purchase. It is a slim, lightweight black folder that showcases a range of S2K Identity Systems products.

The S2K Sales Kit is a great way to present a selection of signage and display system choices to your customers. To order the S2K Identity Systems Sales Kit, please fax or email a Purchase Order.

The Sales Kit includes:

- AM Series 157.5mm x 126mm with a painted header panel 63mm High, plus 3 inserts in New York Finish each at 21mm High and secured with 12mm radius sidelocks.
- AM Series Sign 105mm x 105mm with a header insert at 42mm High plus 3 X 21mm inserts. They include 2 1.1 slider inserts (21mm high with acetate and another slider insert with an aluminium slider plate for in use / vacant signs).
- AM Series Sign 105mm x 126mm with a painted header insert at 84mm High and a 1.1 slider insert with clear acetate cover and a 21mm Paper Hanger attached to the bottom Insert.
- AM Series 105mm x 105mm with a header insert at 42mm High with Braille and tactile graphics, a middle insert at 21mm High and a footer at 42mm High – the footer is a slider insert with acetate. It is secured with 6mm square cut side locks. This sample includes the Tamper Proof locking option.
- Combination Sign - AM Series 105mm x 105mm with a header at 42mm High and a Bulletin Board as a footer. The size is 63mm High.
- AM Series -105mm x 147mm A single panel insert in a satin natural anodised aluminium finish. This sample illustrates how we assemble signs higher than 126mm.
- Archi-Frame - A6 Portrait size is included. This is a powder coat finish. A suction cup for clear cover removal is included.
- Poster Holder - An mini Poster Holder with paper insert is included. This illustrates how the Poster Holder works.
- Paper Hanger - A single 105mm long Paper Hanger is included.
- Fabricate3D - A 3 dimensional number 3 fabricated from stainless steel in a hairline finish is included. The letter is 100mm High X 15mm deep. A great example of the immaculate finish achieved by fabricate3D.
- InfoStrip - A 100mm sample of InfoStrip, the ticket strip / labelling extrusion. Satin Natural Anodised Finish.
- Brochures - S2K has 12 different full colour promotional brochures (not all shown here). We include a supply of each for your sales and marketing needs.
