

The Poster Holder

Poster Holders are available in standard and custom sizes.

The clean-line design is perfect for interior applications.

THE POSTER HOLDER

The Poster Holder Series is a modular graphics display system tailored to meet the specific requirements of individual customers. They are designed to provide an efficient and effective means of displaying and interchanging graphic information or posters, with minimal investment of time or resources.

Posters and computer generated graphics can be produced quickly and easily by the user, enabling inserts to be amended or updated whenever required.

Due to the slim profile, the Poster Holder can be integrated with our other system, the Architectural Modular Series. Combining the systems enables the introduction of headers, footers or a directory board, thus adding another dimension to your signage options. For information on the Architectural Modular Series, please contact Systech Signage Technology.

SIMPLE DESIGN

The Poster Holder consists of an aluminum backing panel, a gray U channel frame at the top and the bottom, a clear non glare acrylic cover and gray End Caps.

To change posters, simply lift the acrylic cover off and remove the existing insert. Place the new insert in behind the poster clips and replace the acrylic cover.

As these units are top opening, you must allow a 1" clearance for access.

For sizes—See page four. A lockable option is available upon request.

The Poster Holder system is suitable for interior use only as it is not water proof.

OPTIONAL INSERTS INCLUDE:

- Paper – white or colored
- Light weight cardboard
- Clear acetate/lexan
- Photographic material

Only one piece of paper can be used at a time. Do not attempt to insert multiple sheets.

POSSIBLE USES

- Meetings or conferences; timing or dates
- Promotional Material
- Schedules
- Evacuation procedures
- Internal distribution information
- Opening hours
- Hospital / Patient Information
- Instructions
- Menus
- Price lists
- Phone extension lists
- Staff Notices

COLOR & DESIGN

The Poster Holder is available in a gray finish. The End Caps are also flexible matte gray plastic.

The Poster Holder Frame and End Caps can be painted to your preferred color. In order to maintain quality standards, this must be completed in house by Systech. Please specify your PMS code for color matching.

SIZES

The Poster Holder is designed to accommodate larger graphic material.

Standard Sizes available are:

- 8 ½" x 11" • 8 ½" x 14" • 11" x 17" • 24" x 36"
- Any custom size within these sizes.

Both Portrait and Landscape options are available in all sizes; please specify which one you require.

For size options - See page four.

CUSTOM SIZES

The Poster Holder is available in any custom size between 8 ½" x 11" and 24" x 36".

The largest size we offer is 24" x 36". For non standard sizes, please specify one of the following:

- The paper size to be accommodated.
- The outside to outside dimensions of the entire unit.

No penalties apply for custom sizes on Poster Holders.

The Architectural Modular Series headers, footers or side mounted directories are an option for Poster Holders; the maximum header size available is 1 5/8" High. Footers and side mounted directories are also optional and have no limitation in height.

MOUNTING/INSTALLATION OPTIONS

We suggest:

- Doubled sided foam tape and / or
- Silicone adhesive
- Counter sink screw fixing
- Velcro – for 8 ½" x 11" size only.
- Z Brackets
- Desk Stand – for 8 ½" x 11" size only.

These options are subject to size and weight of the unit. Client to specify.

SIZE GUIDELINES

The above diagrams are only a selection of the options available. Please contact us with your alternative designs.

Please add 1/8" to the overall width of the above sizes. This allows for Sidelocks and/or flexible End Caps. Actual sign sizes will differ to paper sizes.

For exact dimensions, please contact Systech Signage Technology.

*For sizes 8½" x 11" or smaller, please refer to our Modular Window Sign system.

FEATURES AND BENEFITS

- Poster Holders are a top opening system
- Extremely easy to use
- Perfect for frequent graphic changes
- No tools or clips required to change graphics over
- There is a security mechanism available in the form of a small grub screw; this will help secure the unit when higher security is required.

PRODUCT QUALITY

At Systech, our reputation has been built upon the manufacture of products of exceptional quality.

In keeping with this policy, Poster Holders have been developed to meet the highest standard specifications at a realistic cost. Materials of superior quality are used in the manufacture of each unit to ensure maximum usage over an extended period of time. Whilst quality is of paramount importance, we believe our customers need choice. That is why we have an extensive range of product sizes, each specifically tailored to meet the needs of the customer.

Systech Signage Technology is a long standing producer of modular signage, and are committed to the continued development of its product range.
