Magnetic Sign Series

MAGNETIC SIGN SERIES

The Magnetic Sign Series is a slimline interchangeable sign system.

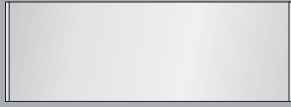

The changeable Aluminum Inserts or Aluminum Panels can be easily removed and replaced as needed. Single or multiple Insert signs are possible.

Apply your copy directly to the face of the removable Aluminum Inserts or Panels.

The Aluminum Inserts and Panels can be removed quickly and simply using the custom Insert Removal Tool or a Suction Cup.

FRAME OPTIONS

2 Sided Frame

- Suitable for **Standard Aluminum Inserts** only. Inserts will be flush with Frame. Suitable for most sign sizes.

4 Sided Frame

- Suitable for:
- **Standard Aluminum Inserts**
Inserts will be flush with Frame
 - **Aluminum Panels**
Panels sit shy of the frame
Suitable for signs 6" or taller

FINISH

- Frame - Standard finish is Satin Natural Anodized aluminum. (Clear anodized).
- Insert / Insert Panel - Standard finish is Satin Natural Anodized aluminum. (Clear Anodized).

INSTALLATION

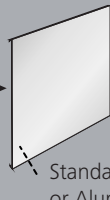

- Wall Mount
- Door Mount
- Cubicle Mount
- Desk Stand
- Suspended
- Flag Mount / Projecting

The Magnetic Signs can be attached to a flat substrate with double stick tape and silicone if needed. Concealed screw fixing for larger units

HOW TO OPERATE

Simply use the custom removal tool to release the Insert you wish to remove. The Insert will release from within the frame.

To replace, simply slip the Insert into position within the frame.

- Access Inserts using the Insert Removal Tool or a suction cup.

Standard Aluminum Insert or Aluminum Panel
