

MAGNETIC SIGN SERIES

SIZE INFORMATION

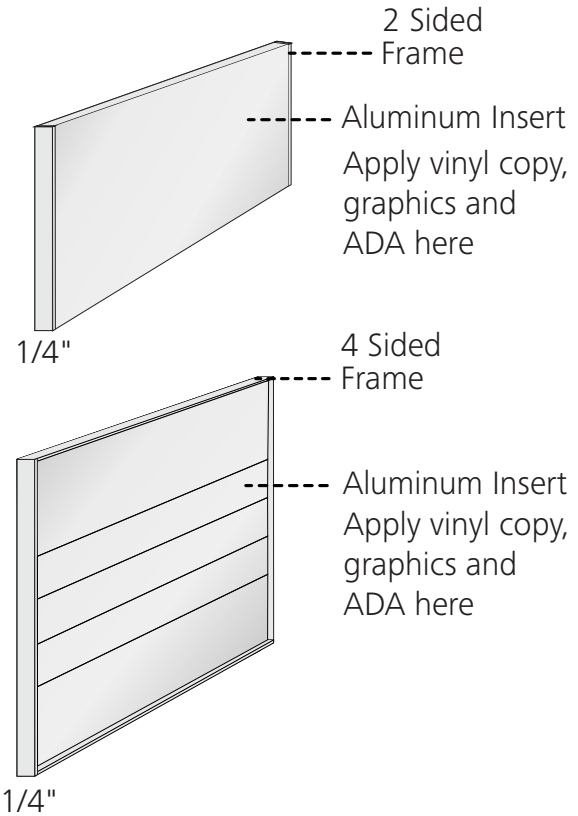

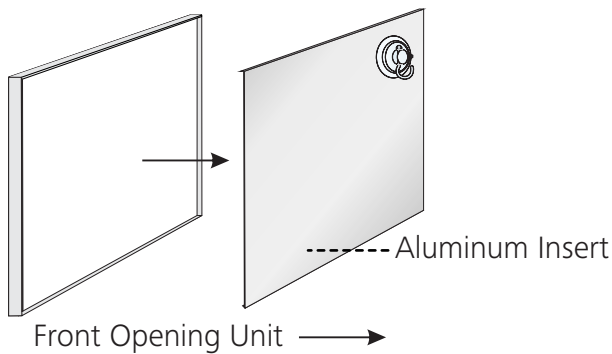

The Magnetic Sign Series is a slimline interchangeable sign system with aluminum Inserts that can be easily removed and replaced as needed.

Single or multiple insert signs are possible.

Magnetic Signs accept removable aluminum Inserts onto which you can apply your copy and graphics.

The Inserts can be removed from the frame using a suction cup.

This system is most suitable for a wall or door mount application.

RECOMMENDED SIZES

Smallest Sign Size 8" Wide X 1 5/8" High

Choose from the following insert sizes:

Insert Height Options:

13/16", 1 5/8", 2 7/16", 3 1/4", 4 1/8", 4 15/16".....increasing in multiples of approx. 13/16" to a maximum single Insert height of 47 1/8"

Sign Width Options:

8", 10", 12" 14", 16", 18", 20", 24", 30", 35", 40", 45", 50"

HOW TO OPERATE

Simply attach the suction cup to the aluminum plate and pull it towards you.

The plate will release from the frame. Then remove the suction cup from the plate.

To replace the aluminum plate, just slip it back into position within the frame.

INSTALLATION OPTIONS

- Wall Mount
- Door Mount
- Workstation Mount
- Desk Stand

The Magnetic Signs can be attached to a flat substrate with double Stick tape and silicone if needed.
